

**Parish Survey and Census**

By now, a parish representative should have delivered to your home a parish survey and census form. Its purpose is to help us to seek the views of parishioners on various aspects of parish life.

We are equally interested in your views whether you are a regular attender at Drumragh Parish services, attend services in another parish or are a non-attender. We are also taking this opportunity to update the parish records.

The representative will return to collect the completed survey within one week.

Alternatively, leave the completed survey in the marked box in either of the churches or in the parish office.

You can also complete the information online. The census and survey are available on our website and Facebook page.

Spare copies are also available in the sacristies and in the parish office.
