

Learning About Mass With Kath & Qumen

Fasting Before Communion

We are asked not to eat before receiving communion. This is called 'fasting'. This rule has changed over time. In the past people were required to fast for twelve hours before Mass. Nowadays it is just one hour. We are asked to fast from all food except water in this hour before we receive the Bread of Life. We do this to help us to be more aware of the gift that we are about to receive.

Prayer After Communion

When everyone has received communion the priest will return to his chair and pray quietly for a few minutes. The choir may sing a song at this time. The priest then stands and prays the Prayer After Communion. During this prayer we pray that we can take what we have received during the Mass with us as we return to our daily lives. We also pray that we can use this to make a difference in our world.
